Cellular and Molecular Life Sciences

Index
Vol. 63
2006

Birkhäuser Verlag
Basel · Boston · Berlin

Scope

The multidisciplinary journal *Cellular and Molecular Life Sciences* publishes research articles, mini-reviews, reviews and multi-author reviews covering the latest aspects of biological and biomedical research. The journal will consider contributions focusing on molecular and cellular aspects of biomedicine, cell biology, immunology, molecular genetics, neuroscience, biochemistry, pharmacology, and physiology related to pharmacology.

Editor-in-Chief

Professor Dr. Pierre Jollès
Muséum National d'Histoire Naturelle
Laboratoire de Chimie
63, rue Buffon
F-75005 Paris / France
and
Systèmes moléculaires/Biologie structurale
Université Paris 6
Tour 16, case 115
4, place Jussieu
F-75005 Paris / France
